

Metered Taxi Service Area Wheelchair Accessible Taxi Service Licence

Retained licence conditions

- This licence is issued in accordance with and subject to the Transport Operations (Passenger Transport) Act 1994.
- The operator is required to provide a taxi service in a vehicle which has the capacity to carry wheelchair(s) and is approved as a vehicle for that purpose.
- The operator must ensure that the taxi is fitted with a taximeter which is fully operational.
- The operator must ensure that an appropriate vehicle is recorded against this licence at all times.

Licence conditions that no longer apply

- The operator must ensure that the vehicle is maintained in a clean and tidy state.
- The operator must cooperate with the holder of a taxi service contract and comply with all reasonable requests to provide taxi services made by the holder of the contract.
- The operator must not act in a way likely to prevent the holder of the taxi service contract complying with the conditions of the contract.
- The operator shall hold and maintain operator accreditation for the term of this licence. Evidence of the operator accreditation must be displayed in a manner approved by the chief executive.

Licence obligations that remain requirements under legislation

Below are excerpts from current legislation that briefly outline your obligations and responsibilities under the *Transport Operations (Passenger Transport) Act 1994* (TOPTA), *Transport Operations (Passenger Transport) Regulation 2018* (TOPTR) and *Transport Operations (Passenger Transport) Standard 2010* (TOPTS) which were previously prescribed under licence conditions. This is provided for information purposes and you will need to refer to the relevant sections of legislation for complete provisions relating to your licence obligations. **Note: These legislative provisions are current as at 1 October 2017 and may be subject to change-you should always refer to the current version of legislation available from www.legislation.qld.gov.au**

Licence Conditions under old legislative framework	New legislative provision
The operator must ensure that any driver who drives the taxi vehicle holds and maintains driver authorisation to drive or operate the vehicle to provide a taxi service.	Section 27(2) TOPTA - A person must not provide a public passenger service of a kind for which driver authorisation is required under this Act unless the person uses drivers who are authorised drivers for a service of that kind. Maximum penalty-160 penalty units.

	(A person provides a public passenger service if the person is an operator of the service or, for a booked hire service, provides a booking service for the service)
The operator must not charge, or encourage or permit any driver to charge more than the maximum fares published in the Gazette under section 74A of the <i>Transport Operations (Passenger Transport) Act 1994</i> and permitted in accordance with section 63 of the <i>Transport Operations (Passenger Transport) Regulation 2005</i> .
